

Newport Car Museum

June 10, 2025

Try something different this year with a visit to the Newport Car Museum. The private collection of 95+ automobiles at the Newport Car Museum focuses on eight decades of modern industrial automotive design and celebrates cars as works of art. From the 1950s to the present, separate galleries for Ford/Shelby Cars, Corvettes, World Cars, Porsches, Fin Cars, Muscle Cars and Mopars have been carefully curated to appeal to all. After the museum, we are off to Johnny's for lunch. This afternoon, you will visit Newport Vineyards for a wine tasting before departing for home. (L)
