

Thimble Islands Cruise

August 3, 2021

Set sail with Bloom Tours as we cruise along the Thimble Islands off the coast of Connecticut. These islands are solid granite bedrock and on them sit beautiful century old homes built during the Golden years of the Victorian Era between 1850 and 1920. There are no cars, only foot paths. To appreciate them is to see them. Join us and explore the islands with the narration of Captain Bob. After cruising, we will stop for an included lunch at U.S.S. Chowder Pot. Enjoy fresh seafood or chicken. After lunch, we will stop at Olde Mystick Village. Visit the unique shops in the village. Step back in time once again as you stroll the grounds and view the beautiful scenery. We depart for home after the village. Seats are limited on this one!

Prices: \$115 adult | \$110 child

Includes:

Roundtrip Transportation, Lunch & Thimble Islands Cruise
